

# HEALTH AND SAFETY

*come first*

To make your stay at TOP HOTEL Praha safe, clean and comfortable, we have introduced a number of measures:

## Purity and disinfection

- ✓ *using Anti Covid disinfectant during routine cleaning of accommodation units and common areas, conference rooms and meeting rooms*
- ✓ *regular cleaning and disinfection of all surfaces*
- ✓ *more frequent cleaning and disinfection of controls, switches, push-ups and other touch surfaces*
- ✓ *regular disinfection and cleaning of publicly accessible toilets*
- ✓ *more frequent washing of bed linen and using of disinfectants*  
*cages with laundry are disinfected in a special cell and brought to the hotel in a protective foil*
- ✓ *placing alcohol-based hand disinfectant gel in the common areas, which is clearly marked and freely accessible to guests and staff*
- ✓ *regular disinfection of lift cabins*
- ✓ *using protective equipment by staff during cleaning*
- ✓ *informing guests and staff of the measures in place*

## Reception

- ✓ *protective plexiglass at the hotel reception*
- ✓ *placing alcohol-based hand disinfectant gel*
- ✓ *contactless payment option*
- ✓ *antigenic tests and protective respirators for sale*

# HEALTH AND SAFETY

*come first*

## Restaurants / Food and Drink safety

- ✓ *placing alcohol-based hand disinfectant gel at the entrance to restaurants*
- ✓ *ensuring mandatory spacing of guests*
- ✓ *using protective equipment by operating personnel*
- ✓ *preference for contactless payments*
- ✓ *regular training of employees in rules of compliance with increased personal and operational hygiene*
- ✓ *increased supervision of routine disinfection and extermination in accordance with the establishments' set sanitation plan*
- ✓ *the location of information materials to comply with hygiene measures within establishments and toilets*
- ✓ *ensuring safe handling of goods/food/dishes (pre-packaged food preferred, disinfection of food packaging on intake, use of protective equipment by staff)*
- ✓ *maintaining maximum cleanliness of storage areas*
- ✓ *checking the body temperature of employees upon entering the workplace*
- ✓ *regular testing of all employees for COVID-19*
